

Kingston Is With You

We started as
2 men in a garage.

Now Kingston is a family of
3000 people
around the world.

We're in the places you wouldn't expect. In the details, behind the scenes, creating memorable moments, and then storing them for you safely and securely. For all your memory needs – everything from servers, desktops and workstations to SSDs and USB drives, **Kingston** is there for you.

Kingston ships to

125

countries worldwide

30⁺
years in business

Kingston has a strong following on **Social media**, and has partnered with over

350 influencers

14

trillion GBs of memory produced by Kingston in a year.

200 million

memory modules manufactured and installed worldwide over the last 5 years.

Kingston is with you all the way, every day. With memory products that empower innovation.
